## PERSONAL PROFILE

---

A highly motivated and focused Junior Developer with one plus years of experience seeking an opportunity to contribute to an organization by using my technical skills to develop high quality software, follow and champion industry best practices within teams and collaborate cross-functionally across the organization to meet business needs.

## HIGHLIGHT OF SKILLS

---

- **Languages:** HTML, CSS, Javascript, Python, SQL,
- **Library and Frameworks:** Bootstrap, React, Node JS, Express, Figma, Microsoft Power Platform (PowerApps, PowerAutomate, etc.)
- **Database:** MySQL, SQLite, Google Firebase
- **Version Control:** Git, Bitbucket and Sourcetree
- **Productivity tools:** VSCode, MS Office, Postman, JIRA, Confluence, Slack
- **Other Skills:** Systems Analysis, Data Analysis, Project Scoping, Planning and Roadmapping, Collaboration, Technical Writing, Application Prototyping, etc.

## PROJECTS *(link to portfolio: <https://personal-portfolio-react-e9ojg853j-wemiibidun.vercel.app/>)*

---

- **LMS Portal:** Team lead of a 4-member team that designed and developed a Learning Management System using HTML, CSS, Javascript, Firebase Realtime Database, Firebase SDK, and Figma as part of the final Capstone project.
- **Random Name Generator:** Created a web API, built with Express and Node.js, that generates random names (first and last name). Vanilla JS was used for the front end to grab the information from the API.
- **Quote Generator:** Built a REST API with Express and Node.js, that stores quotes about technology quotes.
- **To do List App:** Built a to-do list app with React using react hooks
- **Personal Portfolio:** Designed a responsive personal portfolio page with HTML, CSS and Bootstrap

## WORK EXPERIENCE

---

WOMEN IN TECHNOLOGY, CALGARY, AB.

APR. 2021 – PRESENT

### JUNIOR WEB DEVELOPER

- Led a project team to design, implement and test a Learning Management System (LMS) to improve teaching delivery
- Implemented the LMS solution using a variety of frameworks and technologies such as Firebase, Javascript, HTML, JQuery, and Bootstrap among others
- Coordinated the process of requirement gathering, user story generation, NoSQL database design, UI design and prototyping using Figma, report writing as well as communicating with team members and relevant stakeholders

- Advocated the use of development best practices such as version control with Github, coding standards, Agile scrum development practices as well as pair review and design sessions

**SHAREWORKS BY MORGAN STANLEY, CALGARY, AB.  
EQUITY PLAN SPECIALIST**

DEC. 2018 – MAR. 2021

- Performed over 500 shares transactions monthly with an average of 95% satisfactory feedback score by clients
- Resolved an average of 50 inquiries per day ranging from failed transactions to locked accounts.
- Advised clients on taxes, their investment portfolio and equity-related events as well as account activation and enrollment into the Shareworks Plan.

**NATIONAL IDENTITY MANAGEMENT COMMISSION (NIMC)  
IT SUPPORT ANALYST**

MAR. 2014 – FEB. 2015

- Handled various technical support tasks including maintenance of national identity registration system and cards for residents, data entry, filing and records management.
- Registered biographical and biometric (fingerprints) data for an average of 15 senior citizens per day
- Prepared registration reports as well as communication documents such as progress report, meeting minutes, presentations, and briefing notes

**EDUCATION**

---

**FULL STACK WEB DEVELOPMENT**

APR 2021 – SEP 2021

WIT, MAKING CHANGES ASSOCIATION, CALGARY, ALBERTA

- **Technologies:** HTML, CSS, Scratch, Figma, Express, Node JS, React, JQuery, Firebase
- **Additional Training:** Hackathon, Power Apps, Power Automate, Data Fundamentals, Azure, Machine Learning Fundamentals and Capstone Project
- **Award:** Winner of the AltaGas Power Platform Hackathon 2021. Led my team to build a Check-In App to ensure a safe work environment and access during the pandemic within 48 hours.

**MASTERS IN INFORMATION SYSTEM**

2017 – 2018

LINNAEUS UNIVERSITY, SWEDEN
